CCA Texas
Conservation Hero Award
*"Representative Dennis Bonnen
proceeded to take a good bill
and turn it into an outstanding bill."*

Representative Dennis Bonnen Receives CCA Texas Conservation Hero Award

By Advocacy Director Shane Bonnot

In 1981, the Texas Legislature passed the Redfish Bill, designating redfish and spotted seatrout as “game fish” to provide protection from commercial harvest.

The bill, coupled with sound fishery management practices that include a robust hatchery program and conservative bag/slot limits, resulted in the recovery of those species and helped create a world class fishery in our coastal waters. The Redfish Bill also paved the way for decades of effective legislative measures, such as the crab trap removal program and the inshore shrimp license buyback program. Members of our Texas Legislature have long understood the need to conserve our present and future availability of coastal resources for the benefit and enjoyment of the general public; and Rep. Dennis Bonnen (R) of the 25th Legislative District has been one of the biggest advocates for Texas coastal conservation.

Rep. Bonnen’s district encompasses southern Brazoria County and all of Matagorda County. He serves as Speaker Pro Tempore and Chairman of the House Committee on Ways and Means. He is also a member of the House Culture, Recreation & Tourism Committee. He has been a force in the Texas Legislature for over 20 years, and in this past legislative session, Rep. Bonnen demonstrated his prowess by championing effective legislation that will have long-lasting positive impacts on our bays and estuaries.

On March 28, 2017, the aforementioned committee on Culture, Recreation & Tourism convened with a full agenda, ranging from the placement of sound producing devices on vessels to the designation of the Bowie knife as the official State Knife of Texas. About 1 hour and 25 minutes into the meeting, the subject of House Bill 51 (HB 51), relating to the management of commercial oyster boats, was introduced by that bill’s author, Rep. Ryan Guillen (D) of the 31st Legislative District.

As presented in this committee hearing, HB 51 was a bill that simply allowed the state to establish a commercial oyster license buy-

back program and gave the Texas Parks and Wildlife Commission the authority to require the use of vessel monitoring devices on oyster boats. Recognizing that the oyster fishery was in need of a lifeline, 16 individuals from the oyster industry and conservation organizations, including CCA Texas, voted and/or testified in favor of the bill. What should have been a relatively short showing of support for HB 51 turned into a rather lengthy and at times heated exchange between committee

HB 51 was left pending for two weeks before being voted out of committee and moving to the House floor for a vote. Rep. Bonnen proceeded to take a good bill and turn it into an outstanding bill.

members and witnesses. Leading much of the discussion was Rep. Bonnen.

Just a few weeks prior to this committee hearing, the commercial oyster harvest in Christmas Bay (Brazoria County) was a fiasco. Pristine coastal habitat was destroyed, leaving elected officials wanting answers and conservationists demanding that our state do more to protect our public oyster reefs. Needless to say, Rep. Bonnen was keenly aware of the trends in the oyster fishery and was determined to fix it.

Early on in the hearing on HB 51, in response to controversial testimony, Rep. Bonnen said, “You have made a massive mistake. You have disrespected me and disrespected the chairman of this committee. I am offended that you think me wanting to represent my constituents from Brazoria and Matagorda County is somehow not acceptable to you.”

Later in the hearing he echoed that sentiment to another witness by adding, “I will continue to represent my constituents. I will continue to listen to my constituents. It is my job, it is what I have been elected to do.”

Rep. Bonnen takes his job seriously and expects a

clear answer to a simple question. When trying to get clarification as to who was responsible for the reckless oyster harvest practices in Christmas Bay, he clearly was not satisfied with the response. “This is the problem with the game you guys play,” he said. “You want to pretend you have no role in the overfishing of the oyster reefs. You want to pretend you’re above it all, and that you don’t have anything to do with it. You are the single greatest problem.”

Towards the end of public testimony, Rep. Bonnen summed up his thoughts on the industry’s actions prior to, and behavior during, the testimony by stating, “Here’s the problem: You all do thuggery and intimidation. This [legislative] process is based on people being able to represent their positions.”

HB 51 was left pending for two weeks before being voted out of committee and moving to the House floor for a vote. Rep. Bonnen proceeded to take a good bill and turn

Rep. Dennis Bonnen’s presentation was made at Sea Center Texas in Lake Jackson, a marine aquarium, fish hatchery and educational center, funded in part by CCA Texas.

it into an outstanding bill. Recognizing that public oyster reefs needed additional protections, he masterfully added amendments that would enhance the penalties for possession of undersized oysters, hold seafood dealers accountable for the possession of undersized oysters (previously a loophole in enforcement) and require that shellfish certificate holders/purchasers (oyster dealers) return oyster shell (or approved cultch material) back into waters approved by Texas Parks and Wildlife Department (TPWD) at an amount equal to 30% of the total volume of oysters purchased. (Alternatively, oyster dealers can pay TPWD an amount calculated equal to the current cost of shell acquisition and deposition at the same 30% level).

After passing in the House of Representatives, HB 51 moved to the Senate where it was sponsored by Sen. Chuy Hinojosa (D) of the 20th Legislative District. The bill was amended on the Senate Floor, making some minor changes to the penalties for undersized violations, and on June 12, 2017, Gov. Greg Abbott signed HB 51 into law.

Rep. Bonnen’s amendments to HB 51 will result in transformative changes to the oyster fishery and will go a long way in the recovery of public oyster reefs. They will force players in the oyster industry to either abide

Rep. Bonnen’s amendments to HB 51 will result in transformative changes to the oyster fishery and will go a long way in the recovery of public oyster reefs.

by the regulations or get out of the fishery. Perhaps most importantly, returning 30% of the shell back into the water will have monumental impacts as our bays

Sea Center volunteer Janet Jackson-Ellis, a retired School Teacher, thanked Rep. Bonnen for his work on education legislation.

are currently experiencing a scarcity of hard substrate for oyster larvae to set upon.

Even though HB 51 was a great victory for our public reefs, Rep. Bonnen wanted to do more. Knowing that TPWD was considering establishing oyster sanctuaries (closing some minor bays and creating shoreline buffers) and decreasing the undersize tolerance from 15% down to 5%, he scribed a poignant letter to TPWD this past summer, asking them to do more to conserve oyster resources (see Rep. Bonnen's letter in adjacent column). His words were read aloud by Vice Chairman Ralph Duggins to the entire Texas Parks and Wildlife Commission, and there is no doubt that they resonated with those in attendance, as the Commission promptly adopted a suite of changes in regulations for the oyster fishery. More information regarding these changes can be found on our website or in the October/November 2017 edition of *Currents*.

Conservation efforts are not always easy. They can be complicated. They can be tricky, particularly in our current political climate. It takes fortitude, tenacity and grit to navigate a contentious bill through the legislative process. Sometimes you need a champion. Sometimes you need a hero. We had heroes in the late '70s and early '80s who effectively passed legislation, saving the redfish and speckled trout. We have one now who is saving our oysters. For all of his efforts this past year, CCA Texas would like to recognize Rep. Dennis Bonnen as our Conservation Hero. 🐞

Billy Phenix, Joey Park, Rep. Dennis Bonnen, Shane Bonnot and CCA Texas Executive Director Robby Byers. Fittingly, the award was made in the Sea Center Oyster Habitat area.

*Dear Texas Parks and Wildlife Commission,
I am writing to express my concerns regarding the status of our public oyster reefs in Texas. Oysters are a vital component of our coastal landscapes, serving as the foundation of our entire aquatic ecosystem, positively impacting other marine species and keeping our bays healthy by providing numerous ecosystem services.*

Oysters on Texas public reefs have been under enormous pressure and I fear that we are at a critical point in the management of this species. My constituents have personally observed commercial oyster fishermen overharvest our bays, destroy our reefs, deplete our oyster supply, and cost taxpayers millions of dollars while repeatedly denying their abuse of our coastal waters. This past March, an oyster company caused a massive marine pile-up in my district while challenging our local elected leaders when asked to rectify the situation. What has happened in Brazoria County, Christmas Bay and in other sensitive coastal areas is a travesty and should never happen again.

I spoke out strongly against these actions during the past legislative regular session and devoted a good deal of time to ensure that we effectively passed House Bill 51. This bill will not only help reduce the pressure on the fishery by establishing the buy-back program but will also achieve some more immediate impacts to the fishery such as returning oyster shell back into coastal waters and deterring illegal activities by enhancing the penalties for violations, including illegal possession of under-sized oysters at the dealer level. However, this bill alone will not be enough to offer public oyster reefs and sensitive coastal zones needed protections.

Texas Parks and Wildlife Department must take actions to protect the resource and stop the destruction of reefs that are required to maintain our marine ecosystems. I have reviewed the proposed changes to the statewide oyster fishery proclamation and support these measures. Collectively, we have an obligation to relieve the pressure on this resource and reverse the current trends in this fishery. In my estimation, these additional protections will help to foster a sustainable commercial fishery and preserve our public oyster reefs to the greater benefit of Texas.
–Representative Dennis Bonnen

Bedrock of the bays: a clump of oyster shell is a center display in the Sea Center Texas Oyster Habitat area.

Merry Christmas!

The CCA Texas STAR Tournament gives special thanks this holiday season for our generous sponsors and the CCA members who support them.

startournament.org

A STAR shines bright

Whether you are gearing up for big trout season, chasing deer or chasing feathers, we at STAR want to wish you a Merry Christmas and a Happy New Year! If you haven't already heard, this year's STAR set the record for most entries and tied for the highest number of prizes claimed. Many thanks to each and every one of you who make this event so great, long standing members and new! As evidenced by the pictures, a great time was had by all at the CCA Texas State BBQ and STAR Awards Banquet. We hope to see you at the awards banquet next year claiming YOUR SHARE of over \$1,000,000 in prizes and scholarships! Here's to all of this year's winners and runner-ups!

Be on the lookout for new and exciting things coming from STAR for 2018!!!!

STARKids \$50,000 Scholarship Winners

Flounder-Cayla Cloudt of Clute
Sheepshead-Ethyn Ybarra of Houston
Gafftop-Austin Bellanger of Orange

Habitat Today for Fish Tomorrow

BUILDING A FUTURE FOR TEXAS MARINE HABITAT

2017 Habitat in Review

By John Blaha

CCA Texas's Habitat Today for Fish Tomorrow (HTFT) and CCA National Habitat Program (BCT), continue to work with Texas Parks and Wildlife Department, Galveston Bay Foundation (GBF), Coastal Bend Bays and Estuaries Program, San Antonio Bay Foundation, Texas A&M and Harte Research Institute (HRI), Friends of Rio Grande Valley Reef, and others to restore and create new coastal habitat up and down the Texas Coast. Since the creation of HTFT in 2009, CCA Texas has contributed over \$6.2 million dollars to Texas habitat restoration and creation.

In February 2017, HTFT and BCT partnered to provide \$530,000 for six habitat projects which equated to \$4.28 million in habitat along the Texas coast. These projects included:

Moses Lake Shoreline Protection

Galveston Bay Foundation – \$2,000,000 project
As of September 25, 2017, grants have been executed by GBF and an agreement has been signed to AECOM to assist in bidding and project management.
CCA Texas/BCT Funding: \$150,000

Oyster Restoration Site Location and Identification Map Project

Harte Research Institute – \$120,000 project
Work is progressing with multiple disciplines.
CCA Texas/BCT Funding: \$120,000

Bird Island Cove Marsh Restoration Grass Planting Project

Texas Parks & Wildlife Department – \$85,000 project
Project completed the week of September 18, 2017.
CCA Texas/BCT Funding: \$85,000

Egery Island Marsh Restoration Project in Copano Bay

Coastal Bend Bays & Estuaries Program – \$1,270,000 project

Contractual agreements are currently being solidified with TxDOT. Project delays are most likely certain due to Hurricane Harvey, as an assessment of project site is made.

CCA Texas/BCT Funding: \$70,000

Rio Grande Valley Nearshore Reef

Friends of RGV Reef – \$555,000 project
Two boats, 50 pyramids, 67,000 cinder blocks and 3,000 tons of rubble materials have been deployed at the site and reefed to date.
CCA Texas/BCT Funding: \$55,000

Nearshore Reef Enhancement through Science Project

Harte Research Institute – \$250,000 project
The first post deployment sampling was made in June, and a post-Hurricane Harvey assessment on the POC reefing site is currently being made. A status report from HRI is coming soon.
CCA Texas/BCT Funding: \$50,000 (5 year study totaling \$250,000. Committing \$50,000 per year).

CCA and BCT remain committed to creating a healthy nearshore fishery by working with the TPWD reefing program.

Photos courtesy of Lisa Laskowski

Good science makes for good fisheries management and habitat creation/restoration decisions.

The CCA Texas and BCT partnership is a natural one that will have lasting effects on the health of the Texas coast for generations to come. Our staff at CCA Texas and BCT wish all of the CCA Texas members, sponsors and donors a Merry Christmas and Happy New Year. We are excited as we begin the process of moving forward into 2018 to restore and create coastal habitat in Texas for the benefit of the resource for the Texas recreational fishing community. 🐟

CCA Texas Social Happenings

CCA Texas is wrapping up banquet season and setting our sights on 2018 for more work on Texas Gulf Coast habitat projects. Visit [youtube.com/CCATexasProjects](https://www.youtube.com/CCATexasProjects) to view our habitat video page, which includes recent footage from a deployment at the Rio Grande Valley Reef, done in partnership with Friends of RGV Reef and CCA's National Habitat Program, Building Conservation Trust!

With cooler weather and the holidays upon us, we hope that you can spend some quality time on the water with your loved ones. It's because of passionate members like you that we are able to enjoy the resource now and for many generations to come.

In each issue of Currents, CCA Texas will feature a recent Facebook photo, Twitter Tweet and Instagram photo. Please "Like" our Facebook page and follow us on Twitter, Instagram and YouTube to get the latest updates from CCA Texas and become a part of the conversation! And please check out our blog at ccatexas.org/blog, and listen to our podcast, "Coastal Advocacy Adventures."

Want to submit a photo of a great catch or fun times at a CCA Texas event to be featured on one of our social media platforms? Email it to kphilippi@ccatexas.org for consideration!

Facebook:

The Bird Island Cove marsh restoration project is restoring lost marsh in West Galveston Bay. 32,000 spartina plugs were recently planted at the site, and this planting was completely funded by CCA Texas and CCA's National Habitat Program, Building Conservation Trust. We are happy to report the grass is growing well, and this habitat project is doing exactly what it was created to do!

Caught Redhanded!

Reports from TP&W Game Wardens

In mid-September, Galveston County Game Warden Ross Sidman received a call from a local police officer in Bayou Vista stating that one of the residents noticed several individuals in the marsh nearby using what appeared to be some sort of seine.

Warden Sidman brought on Game Warden Mack chambers for assistance, as he had previous experience in working gill netters in this particular area. Warden Sidman and Warden Chambers arrived on the scene to notice four individuals in a mini-van on the side of the road near the marsh.

Upon contact, the four individuals admitted to fishing and opened the back of their van to show their catch. From there the violations began to unfold. Their fishing equipment consisted of two gillnets and two oversized cast nets.

These individuals were in possession of red drum, black drum, sheepshead and speckled trout, several of which were undersized. They also had a large amount of mullet and croaker. All four individuals were from Burma where these are common legal fishing methods. They were educated on Texas Law and the severity of this type of fishing. Each person received citations as well as being charged with civil restitution and were released. The fish were confiscated and donated to a local women's shelter. The illegal nets were confiscated and destroyed. Charges are pending.

Now in action—new Airboat provided to TP&W Wardens by CCA Texas

I took the custodian of the new airboat and our mechanic with me last Wednesday and Thursday to retrieve the boat from the J.D. Murphree WMA and took it back to American Airboats in Orange for training and orientation. We met with Faron and went over maintenance and operation with him

and his mechanic. We then took the boat out for driver training. The boat performed phenomenally, and I can't say enough about the customer service we got from Faron and the other folks at American Airboats. The boat is now in its new home in Rockport. I have attached some photos of the boat. Please let me know if you have

any questions. I want to again thank you and CCA Texas for making this happen. We have plans to take it to Cedar Bayou tomorrow.

Texas Parks and Wildlife Dept.
Coastal Fisheries Division*

Upper Coast By Capt. Ralph Frazier

A new set of opportunities

After Harvey, everything changed for a while, but here comes December and January and a new set of opportunities on the Upper Coast. There will be a lot of days when the wind howls out of the north, so when planning, you will take wind direction and speed into account. We look forward to see if normal patterns change. As I write this in mid-November, there seem to be plenty of fish, but just not very big.

For early December and into January, how much fresh water Trinity Bay has been receiving will dictate if Jack's Pocket will be holding a large number of fish. When the water salts up, the Pocket is a crown jewel for good numbers of big trout in the winter. Wherever you are finding bait with clamshell and mud conditions nearby can be the key to getting on a number of big fish.

My personal favorite is to wade, and my favorite lures are always topwaters and Corky lures. Watch for conditions that can mean the surf is flat and green, and keep an eye on the coves in West Bay. Those huge rocks called The Jetties can provide shelter and a big variety of fish, but as always, wind conditions will determine your locale.

Remember in the winter months to slow the retrieve, and as I've said in the past, try to remember what you were doing with the bait when you got the strike. Presentation can be a key to a big box, but especially in the winter.

As you phase into wintertime fishing, you will always know the weather before you go. Have emergency gear for all on board, remember the limits and consider turning the big spotted ladies back for further duty. Please don't keep more than you can personally eat, let your neighbors catch their own and let's try to replenish the numbers of fish.

Many of us have lost something during Hurricane Harvey, so let's help someone else with our own skill set.

Hope this helps you put a few more fish on the stringer, and hopefully a wall hanger.
Tight Lines—**Capt. Ralph Frazier** (281-337-0321)
ralph2fish@aol.com

Middle Coast By Capt. Mike O'Dell

Boat maintenance, planning, safety first

Christmas, New Year Holidays; what is there better to do than go fishing with the family? Great idea: Buy a gift certificate for a fishing or hunting trip from your favorite guide or outfitter. Maybe your friends will invite you along!

Trout and reds, plus sand trout, flounder, and black drum are all in great shape, filling up with fat to make it through the winter. Shrimp has been my go to live bait. Plastics are still working well in deeper water and drop offs. It is getting time to go to topwater and shallow water baits.

Please be careful and watch the weather. The fronts are starting to push through now, and will get very pushy in mid-December. Always have a plan to get out of the wind, even if it is not blowing hard, and be careful of open water runs. Take some extra clothes on the boat, as the water will be cooling off now, and it is inevitable that you will get wet.

Lots of people turn their nose up at sand trout, but the fight sand trout put up is exciting and there are lots of them. Prepare them properly and they freeze well. Leave the skin on!

Now is a good time for maintenance on your gear, boat and trailer (don't forget the wheel bearings). For those who pull boats several miles, check the born-on-date of your tires and tire pressure. Nothing is more aggravating than to head out on a trip and blow a tire or bearing. Also important to maintain are the water pump, bilge pumps and live well pumps. Check your batteries, so when you get ready to go fishing everything is ready and working correctly.

We wish everyone a Merry Christmas and Happy New Year. May 2018 be the year of catching the fish of your dreams and making memories for the family and friends who fish and hunt with you. Of course, you will send the larger spotted ladies back for further duties, and send those oversize-reds back to make more beautiful little reds. —**Capt. Mike O'Dell** (361-438-1866)

Lower Coast By Capt. Sally Black

Ducks! Trout! Redfish!

The magical combination of fishing and duck hunting is perfect for the outdoor adventurer on the lower coast and Baffin Bay. While fishing, scout for the next duck hunt; while duck hunting, watch the water and decide where a great fishing spot is going to be. Be ready for the opening of the duck season split on December 9, 2017 and ending on January 28, 2018.

Early December means big trout move up shallow and are feeding to survive winter and prepare for the spring spawn. After a long, lazy summer with so much food in the system, fish get into gear and are eating big mullet. So, tie on the Saltwater Assassin "Die Dapper" or the Morning Glory (black with a chartreuse tail). These two lures are go-to for targeting big trout. These wide-bodied paddle tails, hooked up on the 1/32 oz jig head, "Black's Magic" are deadly because they can swim along the bottom or even be suspended with the light weight of the jig head. Big trout cannot resist this natural "mullet" action.

Topwaters can be very productive on the right days. One-Knocker Spooks, She-Dogs, Yozuri 3DB, Skitterwalks and Super Spook, Jr.'s in various colors tossed up shallow can be hugely beneficial.

Winter comes quickly in South Texas and can include cold temperatures or a step back to warm weather. Get geared up and ready for anything because Baffin Bay is bringing it all! It's the home of the largest and heaviest trout on the Texas Coast and it's usually the end of the road for most ducks coming down the flyway because of the lack of pressure on the saltwater and the abundance of fresh water on the King and Kenedy Ranches. What a privilege to have access to this outdoor paradise!

Recently, we received the great news that the Orvis Company has endorsed our lodge for Wingshooting and Fly Fishing! This will open up so many doors and a knowledge base for both of these sports that is second to none. The lodge is ready to host groups of up to 20 people, including a cozy fire ring and fine food served up by Chef Adam.

BBR&G is upping their game and all hunters and anglers will benefit! Come to Baffin Bay Rod and Gun and experience this all-inclusive sportsmen's dream combination of fishing and hunting this winter! See you soon—**Capt. Sally Black**

CCA Texas Adds a 7th Graduate Scholarship in Marine Science

CCA Texas' Board approved another \$5,000 Annual Graduate Scholarship at Texas A&M University-Corpus Christi earlier this year. This will make the 7th CCA Graduate Scholarship awarded to a student studying marine science. Each student is selected by the universities.

CCA funds three scholarships at The University of Texas Marine Science Institute (UTMSI) in Port Aransas, two at Texas A&M University- Corpus Christi and two at Texas A&M University- Galveston. If you are interested in applying for any of these scholarships or know someone who would, the contacts for each University are listed below:

Conserving the Texas Gulf Coast

With the holiday season upon us, I would like to extend my deepest gratitude to CCA Texas members. 2017 was an exciting year of growth for CCA's National Habitat Program, Building Conservation Trust (BCT). Together, CCA Texas and BCT invested \$530,000 towards habitat projects, equating to \$4.28 million in coastal habitat. This is no small feat, and it could not have happened without you.

BCT was created to provide vital funding for grassroots-driven projects that achieve one or more of five key objectives: Restore degraded habitats; Create new habitats; Advance the science of coastal habitat and marine fisheries conservation; Foster habitat stewardship; and Educate coastal communities of the value of conservation.

Building Conservation Trust strives to be the largest marine habitat restoration, enhancement and creation entity in the United States. BCT is a development and major gift program that multiplies and maximizes funds raised to restore and enhance marine habitat.

We need your help. We receive the majority of our funding from corporations and foundations that support marine conservation work. If you are a part of, or have any connections to, corporations or foundations with an interest in marine conservation, please reach out to me so we can establish a working partnership in conservation. These connections are vital to building strong relationships that ultimately create and restore marine habitat.

Together, BCT and CCA Texas are enhancing marine life along the entire Texas coast, which will be appreciated and enjoyed by local communities for many generations to come. This partnership continues to strengthen, thanks to the commitment of CCA Texas members. On behalf of BCT, I sincerely appreciate your support and dedication to conserving our marine resources. I wish you a safe and happy holiday season.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sean Stone", is written over a background image of large concrete structures being lifted by a crane.

Josh Cook 512-656-2964

With football and hunting seasons well under way, it is nice to move into the cooler side of the year in Texas. Before we know it, May banquet season will be upon us. Specifically, the **2018 Austin Chapter Annual Banquet will be held on May 10!**

The 2018 banquet boat is very close to being delivered. Please keep an eye on our chapter website (www.ccaaustin.org) for up-to-date details regarding timing and ticket sales. And did I mention our banquet boat is going to be a **2018 SCB Recon 23'** fishing machine with an **Evinrude 300** this year? Tickets and additional details will be available soon!

If for any reason you are not receiving communications from our fun and active chapter, please call the CCA Texas office at (713) 626-4222, and ask them to put you on the Austin mailing list. Also, be sure to **Friend us on Facebook**

www.facebook.com/CoastalConservationAssociationAustin

It's a great way to keep up with everything in the Austin Chapter and to make sure you don't miss anything. Happy Holidays from CCA Austin!

Is it finally fall? The tides say so...I don't think the thermometer is so sure. I hope each of you are well. The Corpus Christi Chapter would sincerely like to say a HUGE THANK YOU to all of the sponsors, vendors, participants, and especially to our volunteers who helped pull off our annual Babes on Baffin fishing tournament. Impacts from Harvey and coastal flooding didn't keep the ladies from coming out to participate in this fun and exciting event. We had a great turnout and a number of happy anglers walked away with bragging rights, door prizes, and raffle items. Again a big thanks goes out to our sponsors. TITLE SPONSORS: **Majek Boats, Premier Yamaha Boating Centers, Stinky Pants Fishing, Waterloo Rod Co., and John Arnim at Lonestar Gallery.** Babes on Baffin Platinum Sponsors: **Marker 37 Marina, Pipe Pros, LLC., Sierra Pacific Mortgage, Cheri Sperling with Coastline Properties, AutoNation Saltwater Roundup, Catering by Water St, and Mark's Cleaners.**

As 2017 comes to a close our chapter is busy kicking off preparations for our **40th annual banquet. The event is being held at the American Bank Center in Corpus Christi on February 22nd.** We are going to make this a great event and we would really like to have a strong showing from all the folks who have helped us get to where we are today. Some of our key sponsors have already committed to helping us pull this one over the line. Many thanks go out to: **AutoNation Corpus Christi South, Andrews Distributing, L&F Distributing, Flint Hills Resources, Majek Boats, Premier Yamaha, and Corpus Christi Cycle Plaza.** This banquet has sold out the past 4 years in a row so please get your tickets early. Table sales are open if it is a benefit to secure your table in 2017 we are ready to help please email ccacorp@hotmial.com or call **Courtney** at 361-882-5199. Our banquet chairs, **Judy Arnold and Valerie Chilton**, have some great plans to make the 40th special for all of our guests. One of our special projects involves YOU...we are looking for pictures of CCA members with their family and friends fishing. If you have one please submit your pictures to

judyarnoldcca@gmail.com

One last thing please do not forget to get your raffle tickets for our **Andrews Distributing Bull Red Raffle** and our **L&F Distributing Sow Trout Raffle.** **Bull Red Raffle Prize** is a Majek M2 pushed by a 200 hp Yamaha on a coastline trailer. The **Sow Trout Raffle Prize** is a Lifted 6 passenger **Yamaha Gas golf cart** complete with a 14ft trailer. Only 1500 tickets are being sold for each prize. If you are interested in purchasing raffle tickets please get in touch with a CCA Corpus Christi board member. Tickets are also available through our **Boat Chairman Alex Tompkins** atompkins@islander.tamucc.edu or **Jake Herring** jakecherring@hotmail.com

Dallas / North Texas
Matt Scherer 214-995-6777
matthew.scherer@ryan.com

On November 9, 2017 the Dallas Chapter held a General Membership Meeting at Tailwaters Fly Fishing Company. **Shane Bonnot**, Advocacy Director for CCA Texas, gave an excellent presentation on the various conservation efforts happening on the Gulf Coast. We were excited to welcome multiple new faces to the chapter and look forward to their continued involvement!

Our next General Membership Meeting will be held in January once again at Tailwaters. Our Guest Speaker will be **Lance Robinson** with Texas Parks and Wildlife. More information on the meeting will be announced in December.

In closing, I would like to encourage anyone who is interested in getting more involved with the Dallas Chapter to contact me at matthew.scherer@ryan.com – **Matt Scherer**

First I would like to say, our thoughts and prayers are with our friends affected by the recent hurricanes. We wish you a fast recovery.

Our chapter recently held our annual **Fall General Membership event, a fish fry at Panther Island Brewing in Fort Worth.** There was an incredible turnout by our members – your support is what we count on, and we thank you very much for your continued support. Thank you to all who shared their evening with us. A big shout out to **Jennifer Ermis and family who won a fishing trip in Port Aransas!** You can find more pictures from the event on our Facebook page, www.facebook.com/CCAFortWorth Look us up, and give us a follow so we can keep you informed about future events!

The big one is on the line, and our **2018 Fort Worth Chapter Annual Banquet is scheduled**

for May 3 at the historic Joe T Garcia's in the Fort Worth Stockyards. More details to come in the future. Also, be on the lookout for updates to our spring calendar, as we begin to plan the Spring Fish Fry for you all. Make plans to come and bring a guest as well as your own family – food and beverages are covered by your local chapter and board. We wish you and yours a Happy Thanksgiving and a cheerful Holiday Season as well! – John Black

Galveston

Dr. Ken Ellis 713-962-7731

Happy Holidays to all! With this warmer than usual winter weather, the fishing has been very nice in the Galveston bays. The flounder have been on their run, making that aspect of our fishing really enjoyable. If you're on the water, please be respectful of other boats that may be drifting, and look for waders at all times. I hope to see you on the water. Merry Christmas, and as always tight lines to all!!! – Hook'em... Ken

Heart of the Hills

Kelly Parks 210-669-3732

bucksdelucks@yahoo.com

The Heart of the Hills Chapter wrapped up the summer season with our 2017 Annual Chapter Banquet on October 5 in the Cana Ballroom at St. Peter's Catholic Church in Boerne, after being postponed on September 7 due to Hurricane Harvey. Attendees enjoyed the picturesque Hill Country views from the ballroom while feasting on fresh boiled Gulf shrimp prepared by Cajun

Cookers. Many thanks to the following sponsors who provided beverages for our event: Pedernales Brewing Company, Keg 1 O'Neal - Lone Star Beer, Dripping Springs Vodka and Ben E. Keith. Also, thanks to HEB for all of the gourmet cookies!

We had active bidding in the live auction, and many participated in the \$5 raffle which produced solid results that will greatly benefit our conservation efforts.

Thank you to the following Bull Red Sponsors: All County Home Care & Hospice, Aqua-Man Water Conditioning, Sports & Family Medicine of Boerne/Sterling Electric, Burkholder A/C, Good Times Ranch, Howard Skeels, In-Line Fence & Fabrication, Jennings Anderson Ford, KCM Cabinets and Westward Environmental Inc. Trophy Trout Sponsors were Bohnert Lumber and Supply, Inc., Dumas Hardware, Dry Creek Custom Homes and Esser Ranch.

We would also like to recognize Academy Sports + Outdoors, Apache Rifleworks in Comfort and Boerne Marine for their continued support of the chapter.

This function would not be possible without our dedicated volunteers and the staff from CCA Texas – I appreciate your service. I hope you all had fun, and we look forward to seeing you again in 2018! – Kelly Parks, (210) 669-3732

Hill Country

Miles Engelke 210-260-8968

Hill Country wrapped up 2017 with the one and only Jay Watkins on October 24, 2017 as our Guest Speaker. WOW what an evening and what a crowd! Jay spoke to us about the areas in and around Rockport before and after Hurricane Harvey – Thanks for a great evening, Jay. I would like to take this opportunity to thank all of my officers and directors for their time and efforts, which they contributed throughout the year – Without you, our chapter would not be so successful. I would also like to thank all of our meeting and tournament sponsors for their support. If you would like to get involved in our chapter, cast me a call at (210) 260-8968!

As for 2017, it is beginning to fade in my rear view mirror. We will begin to plan for 2018 and keep you on the "Hook."

I want to wish you a very Merry Christmas and a Happy New Year. May God bless you and your families in all you do. Treasure the Trips – Miles

goyenfishing@yahoo.com

Welcome, Midcoast Chapter board members and fellow CCA members! I know at this time numerous families are still trying to put together their lives after Hurricane Harvey. Hopefully by now you have received insurance money or other help to at least start or finish repairs.

Our chapter was able to pull off a very successful **Guides Cup Tournament in October out of Port O'Connor**, thanks to the sacrifice of all available board members, 20 Guides Cup captains and 20 Guides Cup buyers. **A big thanks also goes to the Port O'Connor Community Center, the Sanctuary and to the awesome food catered by Francis Marie's Restaurant. Congratulations goes to the first place team, guided by Kolby Peyton, and his team, which included Ken Lester of Lester Contracting. David Jenkins, our Boat Chairman, has again found our chapter another awesome boat to be given away at our 2018 Midcoast Chapter Annual Banquet On April 27.** It will be a 22'-6" Seafoam Green Mowdy with a 175 HP Suzuki motor and Coastline trailer. There will only be 700 Tickets sold at \$100 apiece. Please call me at the number listed, or David Jenkins at (361) 648-9185 if you would like to purchase a ticket. You do not need to be present to win.

I hope everyone has a safe and wonderful holiday season. I am personally looking forward to cold water fishing for my personal best trophy-sized speckled trout. – Capt. Danny Goyen

**Northeast Houston
Jason Law 713-898-8594
jlaw1899@yahoo.com**

**Northwest Houston
Alan Massey 281-414-6341**

At press time, our **December General Meeting Speaker will be Captain Allan Scott.** He is an

inshore saltwater guide specializing in Galveston's West Bay and owner of **Tiki Bay Fishing, LLC.** Capt. Scott has USCG ratings of OUPV and Master. Licensed by TPWD as an All Water Fishing Guide, Capt. Scott fishes primarily West Bay from the Texas City Dike to San Luis Pass, and he has experience fishing East Bay as well. Capt. Scott will present on fishing Galveston's West Bay. Discussion topics will include guide qualifications, selecting the right guide for your expectations, navigating West Bay, understanding seasonal transitions, fishing tips, tactics and how to maintain your bait casting reel for top performance. A free guided trip will be raffled at the meeting. There will be a whole lot of very good information, and of course our usual Christmas raffle with some great prizes, so I hope you are able to attend!

Our sincere thanks to both **Houston Distributing and Academy Sports + Outdoors.** They are active sponsors of our meetings and many events. We are especially fortunate to have such great support. See you at the next meeting!
– Alan Massey

**Orange County
Scott Bandy 409-988-3667
scottbandy77@yahoo.com**

WOW, this has been a fast year for our Chapter! We had some ups and downs, but all in all, we are still grateful for what we accomplished this year, and look forward to making it a better year in 2018.

As we look forward, it's time to rebuild our community again, as 70% of us had a home or business flooded during the storm. Fishing rods and fishing trips have been traded in for hammers and trips to the locale hardware store for weekend adventures. For the lucky ones who can make it out to the waters, it's been some good fishing out there. Reds, flounder and trout have found their way back to the freezers.

As a chapter, we plan to get back into our normal meeting routine after the first of the year, so look for our email blast to stay informed on

when and where meetings will take place. Thanks for your patience. – **Scott Bandy**
scottbandy77@yahoo.com

**Port O'Connor
Bill Moore
361-983-4690**

As mentioned in the last issue of *Currents*, we were getting ready for our October banquet, when along came Harvey. Due to the damage inflicted by Harvey, the banquet had to be rescheduled.

The banquet will again be held at the POC Community Center on Saturday,

March 24, 2018. It will include great trips, a silent auction, live auction, door prizes and several card games.

The chapter wishes to express our appreciation to several POC Businesses for assisting in our table/tickets sales. These include: **Coastal Boat Services, Coastal Bend Marine, Port O'Connor Rod and Gun, Sonny's Marine and Tigrett Real Estate.** Tickets may also be purchased from CCA Assistant Director **Taylor Rieck, (713) 626-4222** or from any POC CCA Board Member.

POC CCA has another nice golf cart that is being raffled off for this banquet, and tickets purchased prior to Harvey are in the hopper, as they were rescued before the storm made landfall. The golf cart has been on display at Coastal Bend Marine, and tickets are currently available. So, as we continue to support our coastal resources, pencil in Saturday, March 24, 2018 in POC, **"Where it all began."** – Bill Moore

Patricia Walters 979-877-5598
manager@wpprint.com**

**Redfish Bay
Norman Oates 361-758-0266**

The CCA Texas Redfish Bay Chapter is finishing 2017 as the most successful year in memory. Our **2017 Annual Banquet** far exceeded our goals, and the **Take a Kid Fishing and Beeville Fish Fry** events were, as always, great successes! We could not be more proud of **our board members, John Blaha (our real CCA guy), donors and members.** Thank all of you so much for your support – most of our donors and sponsors have literally supported us year after year for as long as I can remember. It is such a relief to know that we can count on your support each year. A special shout-out to **Chris's Marine**, who has been our Title Sponsor for fourteen years in a row!

As you can imagine, most of our banquet

donors and sponsors have businesses in Port Aransas, Aransas Pass, Rockport and Ingleside. Hurricane Harvey devastated these areas with high winds and flood waters. Most of our donors and sponsors are still not back in business and have walls stripped down to studs. In some cases, the buildings no longer exist. Many of our board members, donors, sponsors and members are still making repairs to their homes as well, if there are homes left. To all of our CCA family, we wish you a safe and speedy recovery.

In another sad turn for the chapter, **Keith Hargrove** passed away. Keith was an active Redfish Bay Chapter board member; he worked hard to make the banquet a success. He will be missed by all who knew him. Our sympathies to Lynn, his wife.

2018 is just around the corner. Mark your calendar: **The 2018 Redfish Bay Chapter Annual Banquet is scheduled for April 21.** As always, it will be a fun family event!

The Redfish Bay Chapter wishes a Merry Christmas and a Happy New Year to all of our members! – **Norman Oates**

Wow! As we close out another great year for CCA and fish on into 2018, all I can say is, **THANKS to all the volunteers and chapter members who make this the biggest and best CCA Chapter!** And thanks to all the old geezers who launched our chapter 40 years ago and matured it, many of whom continue to go way beyond the call of duty.

Many thanks to John Blaha, Amie, Robby, Patrick and staff for what they do. And thanks to our sponsors and auction buyers - Without them we could not support CCA Texas in the way that we do.

We had many events this year, including **Hooked on Clays, Hooked on Golf, five great social events, and of course, a really great banquet (Thank you Rick Neitzel and Banquet Committee).** This could not have been done without great volunteers and enthusiastic chapter members, all of whom care about fish, kids and the future of our coastal habitat and fisheries, both inshore and offshore. We literally saw several hundred new faces at those events, and many want to get more involved. I would encourage all to do so!

Your next opportunity will be to step up and join the Banquet Committee at the early meetings in January, the first of which will be at **6:00 pm on Tuesday, January 9, at the Barn Door Restaurant.** Everyone has something to offer, and it is a fun and very worthwhile experience. **Contact me or Banquet Chair Robert Lozano (robertlozano129@yahoo.com)** with any questions.

The Hooked on Clays Committee also will crank up in January for our 5th Annual Jimmy Gibson Sporting Clay Shoot, to be held in late March, under the very capable leadership of Bob Brumby (brumbo@gvtc.com)

Have a Happy Thanksgiving and a very Merry Christmas. Thanks for all you do to support CCA. And remember, TAKE A KID FISHING! – **Mike Sarosdy**

San Bernard
Ross Kutach 281-330-0135
rosskutach@yahoo.com

In the aftermath of the storms this summer, the coast is back up and running with some changes. As parts of the coast are rebuilding, everyone is learning and adapting to the changes caused by the storms. Be careful when running the Intra-coastal Waterway. Parts have sanded in due to the amount of water forced through the channel, and there is debris to be on the lookout for. Make sure the kill switch is attached while running.

On October 26 we had our second round of the "Speaker Series" with Leslie D. Hartman as the keynote speaker. Leslie is the Matagorda Bay Ecosystem Leader for the CCA. His address of the state of the bay system in Matagorda sparked a frenzy of questions and led to an informative discussion for the entire group to enjoy. Topics included fish sampling, salinity levels in the bays, past proposals and future efforts to restore Parker's Cut. The meal consisted of ribeye steaks and lobster, joined by dirty rice and salad. Thank you to everyone for their help getting this event planned and executed. Stay tuned for info on our third event!

The San Bernard Chapter will host our 2018 Annual Fundraising Banquet on February 22 at Riverside Hall in East Bernard! Meal and raffle tickets are on sale now. This is the first year we have done a raffle ticket with three major prizes. Tickets are on the street and will be sold out by banquet opening. Contact your local board member today to reserve your seat and raffle tickets. **For advanced tickets, contact**

Jarrold Cavness at (281) 541-5684 or Ross Kutach at (281) 330-0135. Hope to see you all there! Until then, sStay safe, tight lines and fish on! – **Ross Kutach**

Your banana is not the Plague in a Peel.
Or Poseidon's Yellow Middle Finger of Doom.

It's a fruit.

From the tropics.

Beloved by babies, monkeys,
and baby monkeys.

Despite popular myths,
bananas possess no fish-frightening powers.

Just vitamins. And potassium.

So go ahead.

Bring your snack aboard.

Forget superstition. You have science.

You have the clarity of 580 technology.

Important: Send jpegs, and include name of subject, title, your name, as well as the names of anyone in the photo. Email jpegs to: sam@samcaldwell.com

Give us your best shot, and keep Currents an award-winning newsletter.

*Want to share even more
of your Great Photos?*

Limited space means we can use only a few photos, but there is a good option for your Great Photo: send it to CCA via our Social Media. See Page 10 for connections to Facebook, Instagram and Twitter. Every entry there will also be an entry in the Currents Great Photos Competition.

Example of a GREAT ACTION PHOTO: Lisa Laskowski has provided many fine photos for *Currents*. This time, she's the subject, with a trophy speckled trout. Photo by John Blaha.

SERIOUS COOL

HIGH PERFORMANCE COOLERS, BACKPACKS,
DRYBOXES, AC/DC FRIDGE FREEZERS
& TUMBLERS

ENGEL Coolers high performance coolers & drinkware are built for more than just keeping things cold. Rugged, durable, and heavy duty. When the heat cranks up, **ENGEL** is here to cool things down.

Christmas Eve

Great Foods Recipes sponsored by Costa Del Mar

Liz Hewitt, Editor

Oyster Stew with Firecracker Oyster Crackers We greeted Papaw with whoops of glee as he stomped off the cold and strode into the kitchen, a gleaming gallon tin clasped under one brawny arm. Once a year, at Christmastime, he would splurge on a treat that surely cost him dearly: a gallon of oysters. And only twice a year did he commandeer Miss Grace's stove; once, to make Christmas Eve Oyster Stew and the other, a post-Christmas turkey hash breakfast. I doubt if he ever wrote the recipe for either down, but hopefully he'd approve of my take on his oyster stew. Serves 4 to 6. Enjoy! *Susan L. Ebert*

Ingredients

- 1/3 cup unsalted butter
- 1/3 cup minced green onions
- 1/3 cup minced celery
- 2 teaspoons chopped fresh tarragon, plus more for serving
- 2 tablespoons minced fresh flat-leaf parsley
- 1/2 cup organic all-purpose flour
- 1 teaspoon sea salt
- 1 teaspoon freshly ground black pepper
- 1/2 teaspoon ground cayenne
- 2 cups whole milk
- 2 cups half-and-half
- 1 cup oyster liquor
- 48 oysters

Directions

In a 5-quart stockpot over medium-high heat, melt the butter, then add the green onions, celery, tarragon, and parsley. Sauté for 3 to 5 minutes, until the vegetables are translucent and the herbs are fragrant. Slowly sprinkle in the flour, stirring constantly with a wooden spoon. Add the salt, pepper, and cayenne.

Exchange the wooden spoon for a wire whisk and slowly whisk in the milk, half-and-half, and oyster liquor. Lower the heat to medium so that the pot barely simmers, but does not boil. Slip in the oysters six or so at a time; you want to keep the liquid hot. Stir gently for several minutes, and when the oysters develop "frilly" edges, ladle into soup bowls and top with a sprinkle of tarragon.

Recipes are from *The Field to Table Cookbook* (Welcome Books, 2016) by Susan L. Ebert. *The Field to Table Cookbook* received first place in the Outdoor Writers of America's 2017 Excellence in Craft Competition, the outstanding achievement award in the Professional Outdoor Media Association's 2017 Excellence in Craft Competition, and a first place in the Texas Outdoor Writers Association's 2017 Excellence in Craft Competition.
