Membership Matters

The strength of any volunteer organization is its membership base and volunteers.

Coastal Conservation Association Texas (CCA Texas) has been in existence since 1997. It all started with a small group of recreational fishermen who were simply fed up with the decline of redfish, speckled trout and other species that were suffering from overfishing.

Fourteen concerned fishermen put into motion the movement that started the Gulf Coast Conservation Association. Since then, the organization has grown into Coastal Conservation Association (CCA) with state chapters covering the entire East, Gulf and West coasts of the United States.

Membership matters, and CCA works hard to build and maintain a strong membership base. How does it matter? Starting with one of the biggest conservation efforts ever that established game fish status for redfish and speckled trout and removed gill nets from the coastal waters of Texas. The conservation of coastal resources would not be possible without the efforts and support of membership. Membership is everyone from the youth and young adults who are beginning to appreciate the resource to the seasoned members who have been active for many years and are connected within the local communities; local, state and federal governments; local, state and federal fisheries management; and lastly and perhaps most important of all, a membership that believes in the mission and approach of CCA.

Texas currently has more than 75,000 members and CCA has over 125,000 members nationwide. CCA is arguably the strongest and most effective marine organization of its kind. The reason is the passion and willingness of its members to be active.

CCA is truly a grass roots organization that depends on its membership in many different ways. Membership and volunteers are the means by which the organization raises necessary funds to ensure that our coastal resources are healthy and bountiful for present and future generations. These funds are used for advocacy in our state capitols, for habitat restoration and creation, and as outreach to educate the general public on the importance of responsible conservation and use of the coastal resources.

The effects of a strong membership are felt near and far on the Texas coast, with chapters from Orange to South Padre Island and up to Laredo; Houston to Dallas, Ft. Worth, Austin, San Antonio and as far west as Midland. Texas has 57 chapters and nationwide CCA has over 200 chapters in 18 states. CCA memberships come to the organization in many ways. In the early days, it was an effort by those involved to get out and educate their friends and others about the efforts of CCA and the importance of having them as a part of the organization. As chapters began to form across the state, fundraising and membership banquets were mandatory for all chapters.

The State of Texas Anglers Rodeo was created in 1989 as a membership drive and has now been a part of the organization for 26 years. In the late 1990’s and early 2000’s, the organization’s success drew more attention and a big push was made to add more local chapters. Many of these local chapters were born from the desire of local members to be a part of the organization in a more direct way. These members’ desire to raise funds, recruit members and spread the word about the CCA mission goes to the very core of the success of CCA — its membership.

STAR has been crucial in adding members, as well as a venue that has brought more than $5,235,000 in scholarships to children 6-17 years of age.

In a great moment at the Concert for Conservation, Robert Earl Keen brought Lyle Lovett to the stage for a duet.

On September 26, 2015, CCA Texas will host its 4th Annual Concert for Conservation at Sam Houston Race Park in Houston, Texas. This event has become a “have to see” event with nearly 6,000 attendees in 2014. This event allows CCA Texas to reach out to another group of members and gives CCA Texas the ability to spread the mission of the organization to a wider base of members across the state. Be sure to mark your calendars for September 26th. Tickets are on sale now, and this year’s headliner is Lynyrd Skynyrd, backed up by Grand Funk Railroad, Eddie Money, The Atlanta Rhythm Section and Folk Family Revival. It’s a Concert for Conservation like no other.

In the late 2000s, CCA began to look at other ways to bring new members and raise the awareness of the organization. The organization’s biggest victories at that time were still in the halls of government, but the Texas leadership and National leadership also realized that there were other needs for membership. In November 2009, CCA Texas created Habitat Today for Fish Tomorrow (HTFT).

To date, HTFT has contributed over $3.9 million to habitat restoration and creation projects along the entire Texas coast. CCA National leadership helped create Building Conservation Trust (BCT), a 501 (c) (3) non-profit organization exclusively dedicated to habitat creation and restoration. BCT works hand in hand with CCA in all states with local chapters and communities to ensure coastal resources are healthy everywhere. These habitat efforts are another part of the organization that fulfills the mission of CCA and the desires of its members.

Yes, your membership matters! Your membership and the membership of tens and hundreds of thousand members is critically important in the battles waged in local, state and federal government offices. CCA at times requests the help of its membership through “calls to action,” asking membership to contact their local representation and tell them how important a particular issue is to themselves, the organization and above all, the resource. Please be active, your membership counts! —John Blaha

Caught Redhanded!

Region 8 District 2
• On Monday December 8, Aransas County game wardens Scott McLeod and Elizabeth “Libby” Balusek paid a visit to a subject who videotaped himself catching and keeping ten speckled trout (limit is five). The subject posted the video on his Facebook page. One of his friends even commented that the limit was five fish. A further check also revealed that the subject had not purchased his fishing license at the time of the video.
• On Wednesday April 22nd, Aransas County game warden Richard “Marty” Martin was called out late in the evening about a subject keeping undersized fish. The caller gave a good description of the subject and his location. Marty found the subject’s bicycle parked outside a restaurant near Aransas Bay. Marty went inside and found the subject and asked if he could speak with him about the fish in his ice chest on his bicycle. The subject was issued a citation for possession of one undersized redfish and one undersized sheephead.

• On Tuesday June 9th, Rockport Administrative Assistant Norma Garcia had a subject wanting to register two kayaks. A check of the HIN’s found both kayaks to be stolen out of Rockport.
  Aransas County game warden Scott McLeod responded and questioned the subject as to how he came into possession of the kayaks. The subject advised Scott that he purchased them at a nearby pawn shop. Scott and Aransas County Sheriff’s investigator Rodney Cox traveled to the pawn shop where a third stolen kayak was recovered. The Aransas County Sheriff’s Department is continuing their investigation into the pawn shop. The kayaks were seized and the subject was able to get his money back from the pawn shop.
• June 6th-7th, Aransas County game warden Richard “Marty” Martin conducted his 29th annual “Go for Fish not Drugs” youth fishing tournament in Fulton. Over 200 youths ranging in age from 2 years to 16 years participated and fished for trophies and other prizes.
  Each child was given a medal, t-shirt and lunch just for participating. One lucky four-year old young lady won the grand prize of a Texas Lifetime Fishing License.

Volunteers from CCA Texas participated. District 2 personnel assisting Marty were Administrative Assistant Norma Garcia, Boatmate Leo Villa, Game Wardens Danny Kelso, Scott McLeod, Laura Peterek and Elizabeth “Libby” Balusek-Myers.

While patrolling West Matagorda Bay, Texas Game Wardens issued multiple citations for over the daily bag limit of sharks, kingfish, red snapper, and for possessing undersized red snapper, triggerfish, and sheephead. As always, fish in edible condition are donated to the less fortunate. Photos courtesy of Texas Game Wardens.

FIRST THREE REDFISH WINNERS CONFIRMED!

Hempstead resident, Scott Hajovsky set up a fishing trip, Thursday, May 28th with some friends. Hajovsky caught and released a trout and flounder. Hajovsky dug out the last live shrimp. A bump, then the rod bent! As Hajovsky reeled in, he noticed something sticking out of the back of the fish. Hajovsky never would have dreamed of such a fine redemption! He then realized what it was and exclaimed, “It has a tag!” Panic ensued, there was a scramble for the net, but teamwork landed the fish. Hajovsky remained humble until he figured out what had just happened. “What a redemption made possible by CCA Texas and the STAR Tournament… let the smack-talking begin!” said Hajovsky.

On Saturday Morning, May 30th, Michael Gibbs was waiting for his cousin to pick him up in his boat. Gibbs decided to do a little casting off the pier behind the beach house. He managed to pick up two nice flounder. A few casts later, he hooked and fought a fish onto the pier. He gained control of the fish. Lo and behold, it was a redfish with a tag in it. Gibbs first told his wife not to get excited just yet because he had caught fish before with tags. Gibbs then offered to net the fish. After close inspection all Gibbs’ wife could say was “STAR!” Gibbs said, “Don’t mess with me.” His wife said, “Mike, I promise!” Said Gibbs, “If I had known this fish was worth a truck and boat package, I would have used a net!” They called Gibbs’ wife to tell him, “Forget the boat, we are going to net that fish for you.” Gibbs added, “I don’t give a crap if my back is hurting, I’m going to net that fish for you.” Nguyen and friends high fived each other over and over again. “Let’s go!” The trio headed back to the Galveston Yacht Basin to weigh in Nguyen’s tagged redfish. “The greatest part about this fishing trip was that it was my birthday,” said Nguyen. “I still can’t believe it… how sweet it is! Thank you so much CCA STAR Tournament!!!”

CONGRATULATIONS TO OUR FIRST THREE TAGGED REDFISH WINNERS! Fortunately, each was registered and are now lucky winners of a 2015 loaded Ford F-150 “Texas Edition” XLT SuperCab, pulling a brand new 23’ Haynie BigFoot boat rigged with a Mercury 150L Pro XS OptiMax motor and Coastline trailer prize package, which will be awarded to them at the STAR Awards Ceremony, October 9.

At the time of this writing, seven reported tagged redfish have been caught, but only three are winners. Of the four catches that didn’t qualify, three were re-released by the anglers that caught them, so the good news is that there were two tagged redfish still out there swimming and two truck/boat/motor/trailer prize packages, plus five boat/motor/trailer prize packages still available to win in the Texas Ford Dealers Redfish Division! Trophy-sized prizes can be claimed by STAR anglers who bring in the first 10 tagged redfish. The first five winners will drive home in a 2015 Ford F-150 “Texas Edition” XLT SuperCab, 23’ Haynie BigFoot boat rigged with a Mercury 150L Pro XS OptiMax motor and Coastline trailer The next five tagged redfish winners will each claim a 23’ Haynie BigFoot boat with a Mercury 150L Pro XS OptiMax motor and Coastline trailers. For young anglers not of legal driving age who reeled in the famous tagged red, he or she will receive the boat package plus a $20,000 college scholarship, in lieu of the truck. Last year thirteen tagged redfish were caught, but only four anglers claimed prizes. The others, unfortunately, were not registered for the CCA Texas STAR.

YOU’VE GOT TO BE IN TO WIN! ATTENTION ALL ANGLERS PLANNING TO FISH THE TEXAS COAST THIS SUMMER! In order to win one of a $1,000,000 in prizes being offered in Texas’ largest, richest, summer-long saltwater fishing event, an angler must be a CURRENT member of CCA, in addition to being registered as a 2015 Texas STAR entrant. The CCA membership fee is $30 annually and the 2015 STAR Tournament fee is $20 for a total of $50. In order to win at STAR, an angler must be registered and be a current member of CCA.

YOUNG ANGLERS FISH FOR FREE! Young anglers ages 6–17, the “New Tide” membership fee remains $10 annually and the STAR entry fee is FREE!!! Of course, we want ALL kids on the water. CCA “New Tide” members will continue to have the opportunity to win giant scholarships to fund their college education for just the price of a $10 CCA “New Tide” Membership. We thank our generous sponsors for making it possible for us to offer young anglers this great opportunity. To be eligible to fish STAR, “New Tide” Members MUST BE at least 6 years of age in 2015 and under age 18 to enter for FREE. It is the “New Tide” Member’s responsibility to make sure their CCA membership is current and that they are registered for the current year STAR tournament.

You know you’ll go so might as well do it now! Remember, everyone entered in the STAR Tournament, who will be 6 years old in 2015 and older, is eligible to win the prizes being offered even the TAGGED REDFISH DIVISION! You can sign up NOW online at www.startournament.org!! Don’t miss “the boat” or “the truck and boat”… register today!

CCA Texas and the Texas Parks & Wildlife Department (TPWD) are looking for volunteers to help with fishing surveys for the East Galveston Bay Reef Restoration project. It’s critical to have data before and after. You can be that important Fishing Scientist. The $3.7 million project will restore approximately 140 acres of oyster reef in the East Galveston Bay system. Areas targeted for restoration include one location on Hannah’s Reef, two locations on Pepper Grove and two locations on Middle Reef. This effort is an important part of the project. As a Fishing Scientist, your efforts will be critical in understanding the benefits of oyster reef restoration all along the Texas coast.

CCA's Habitat Initiative

CA Texas is grateful to have the continued support of renewing and life time members. These members have been a part of the organization for years and they have learned through articles in Currents and Tide what CA Texas does and how the organization operates. Every month the organization also sees a new influx of members who either attend banquets, sign up at chapter meetings, or simply sign up because they heard about CCA Texas and want to join. Because of this, Currents and Tide have many new readers each month. This is a good month to let new readers know how CCA Texas gets involved in habitat work through its habitat initiative, Habitat Today for Fish Tomorrow.

Habitat Today for Fish Tomorrow (HTFT) is the habitat initiative of Coastal Conservation Association Texas (CCA Texas). CCA Texas began in 1977 and made its mark on fisheries conservation through the legislative process in Texas. Some of the big early victories included championing the establishment of size and bag limits on speckled trout and redfish, game fish status for these species, and making the use of gill nets in Texas state waters illegal.

CCA continued with many success stories throughout the years including a leading role in establishing saltwater hatcheries in both Corpus Christi (CCA Marine Development Center) and in Lake Jackson (Sea Center Texas).

As the organization grew and with fisheries management at a good point, CCA Texas leadership began to explore where CCA Texas could once again take its conservation efforts to another level.

In November of 2009, the CCA Texas Executive Board approved an initial funding of $200,000 to start a new habitat initiative, which came to be known as Habitat Today for Fish Tomorrow.

Since its inception in 2009, HTFT has been a part of twenty-four projects and contributed approximately $3.9 million to these habitat restoration and creation efforts. CCA Texas takes part in these efforts by using its strength in fundraising to provide critical dollars to selected projects.

These dollars often times provide much needed local funds for matching in state and federal grants. In addition, CCA Texas is able to use its lobbying power to gather support for projects when needed in the political arena. CCA also provides local help and support through a vast volunteer network.

Once completed, CCA Texas can provide critical outreach and education about projects to its vast membership base.

Volunteers are the driving force of the organization and without their efforts CCA Texas could not accomplish the important work that it does. “Habitat projects do so much for a local volunteer and it is like connecting the dots,” commented Mike Petit, long-time CCA Texas member and CCA Texas Executive Board member. Petit continued, “it is really gratifying as a local volunteer to see where the money goes that local chapters raise and to see that it is making an impact on a local bay system.”

HTFT has taken part in many different types of habitat projects that have ranged in monetary value from $10,000 to $10,000,000. These projects include marsh restoration and creation, shoreline stabilization, grass plantings, oyster reef restoration, nearshore reefing projects, nearshore reefing cleanup, bay debris cleanup, and in the restoration of hydraulic connections between the Gulf of Mexico and inland bays.

Partnerships are key to successful projects, and CCA Texas has worked with many partners.

Some of our past project partners of include Texas Parks and Wildlife Department (TPWD), Coastal Bend Bays and Estuaries Program (CBBEP), Galveston Bay Foundation (GBF), Texas A&M Corpus Christi and the Harte Research Institute (HRI), Ducks Unlimited, and the San Antonio Bay Foundation.

Three of HTFT’s biggest contributions to habitat restoration and creation in Texas have been oyster reef restoration, nearshore reefing in Texas state waters and the opening of Cedar Bayou and Vinson Slough to the Gulf in the Mesquite Bay area.

Partnering with TPWD, CCA Texas was part of an oyster restoration project in East Galveston Bay that restored 180 acres of oyster reef that was silted over by Hurricane Ike. CCA Texas contributed $500,000 to this project that had an overall cost of $3.9 million.

CCA Texas partnered with TPWD in the CIAP grant process to secure $3.4 million and the project was completed in the late spring of 2014. CCA has partnered with HRI on two smaller oyster restoration projects and places these type of projects high on the list of habitat needs for Texas.

Nearshore reefing in Texas state waters has been a big part of HTFT’s efforts as well. To date, CCA Texas has partnered with TPWD on five different projects with a total commitment of $700,000. These projects include reefs out of the ports of Freeport, Port O’Connor, Corpus Christi and Port Mansfield.

CCA Texas’s vision is to see nearshore reefing projects out of every port in Texas that give the recreational fisherman easy accessible nearshore fishing when conditions and the seasons allow.

Perhaps the biggest effort to date for habitat restoration is the Cedar Bayou and Vinson Slough restoration project. This project was completed after many years of studies, engineering, a laborious permitting process and lastly a huge effort to raise the necessary funds.

Cedar Bayou and Vinson slough were bulldozed closed during the IXTOC oil spill in the Bay of Campeche in 1979, in order to protect the area bays from the approaching oil. Since that time, multiple efforts had been made to open the passes but fell short in funds and engineering.

When Aransas County took over the project from private individuals, a permit was fi-nally secured and CCA Texas then stepped forward with an original commitment of $500,000 to start the fundraising campaign needed.

Through different grants, and commitments from Aransas County and TPWD the necessary funds were raised. CCA Texas eventually committed $1.6 million to the project, and at the end of September 2014 the dream of many recreational fishermen became a reality as Cedar Bayou and Vinson Slough freely flowed to the Gulf of Mexico once again.

CCA Texas is committed to ensuring the health of Texas’s coastal resources through habitat creation and restoration, and through legislative efforts. The cornerstone to this success is the support of CCA Texas volunteers and supporters across the state who raise the necessary funds and awareness that allow these projects to become reality. For more information about CCA Texas and its efforts, please visit www.CCATexas.org.

We now have video footage of the Bird Island Cove Marsh Restoration. This video and all of our HTFT project videos can be viewed at www.ccatexas.org/project-videos or www.youtube.com/CCA TexasProjects.

All of the videos of our HTFT projects are also available on the CCA website and YouTube channel.

Habitat Today for Fish Tomorrow
BUILDING A FUTURE FOR TEXAS MARINE HABITAT
Upper Coast
By Capt. Jim West

Go early and go deep

Good news: much of that massive influx of early spring freshwater has moved on, but will still be influencing our fishing along the upper coast. The bays desperately needed that freshwater, but fresh mingles with salt, and the result is opacity. The good news is, when you find the fish, they can be stacked up and hungry. So, go deep in August. Under that murky water can be excellent fishing, depending on your choice of locale.

More good news—there are lots of locales on the upper coast to choose from. Start your day early and work along channels, looking for those deep areas and fish concentrations. Even more good news—conditions may have pushed the fish around a lot, but you can still expect to find them in concentrations. I believe in moving a lot, covering ground, looking for those concentrations. Calveston Bay waters are deeper than a lot of Texas water, so there will be saltwater below all the fresh water. East Bay can pay off bigtime in early August, when you find the right conditions. The Exxon A lease has been on fire, and areas near Smith Point have been producing good stringers.

Of course, beach fishing can be excellent with the right conditions and clarity, and it won’t have new water problems. Remember that high breezes—especially from the southwest—can turn that ‘green to the beach’, surf into opaque, unfishable surf.

When it cools off in late September, there may be more clarity along the upper coast, but expect the concentration of gamefish to continue. Live bait will produce of course, no matter whether deep or shallow. My go-to artificial is the Tidal Surges, Bass Assassins and Mirrolures. But, finding fish will always be the key.

Whether deep or shallow, remember to think safety before anything else—except maybe courtesy—on the water. —Capt. Jim West 409-996-3054 captjimwest@yahoo.com website: http://boliarguide.com

Capt. Jim has spent much of the past year building a lodge near the famed Los Patos Lodge of his Dad, Forrest West, on Crystal Beach. Watch for an opening soon.

Middle Coast
By Capt. Mike O’Dell

It’s hot! So, work near deep and cooler regions.

August will be hot, so the trout bite will be early or late. Start shallow and work your way deeper as the sun comes up. The big trout will mostly be adjacent to deeper water. Not saying you won’t catch trout in shallow flats, but usually the solid trout are going to be close to deeper water drops where they can enjoy the cooler water. So, watch water temps—often, a 10 degree change in temperature will tell you where the fish will be.

The redfish bite should be good most of August, depending on a strong tide movement. In our midcoast area, sand pockets will be disappearing with the growth of new sea grass, so top waters or weedless spoons will be a major go-to.

Look for reds hiding in the grass. In late July, I found several hidden in 3’ of grass and had to nearly step on them to get them to move. We did not have a tide movement at that time—nap time? Flounder fishing will be good on the drops along the channels and drains from the flats. You folks out gigging should be finding good-sized flatties late into August and even better fish in September. Then, the schools of black drum will be working. Look for them along the front of lakes until the water comes back and they move back into the lakes and flats.

Mid-August and into September, top waters will work early and late in the day over grass. Plastics with light weights will work the rest of the day, unless fishing in grassy areas.

Always check your lights before getting on the water. If they don’t work, for everyone’s safety, don’t go. No fish is worth dying for, especially you kayakers. If boating, wear your kill switch; every boat has one for a reason, so use it.

You will encounter people who were not taught manners by their parents, but set a good example. Tight lines, and hopefully, big fish to clean to all. —Capt. Mike O’Dell 361-438-1866 www.afishingfantasy.com

Go shallow, with small plastics

An incredible winter slowly slipped into an awesome spring which eased into a super summer and now we are staring down the barrels of what may be the best fall fishing season we have seen on Baffin Bay in over ten years. It is amazing what a little rain will do when you are limping through an extended drought in the Wild Horse desert. Water quality has improved dramatically. Large patches of stringy wigeon grass, thousands of blue crabs are everywhere.

Our numbers on trout are close to the last two years. One difference is a slight upward trend in the overall size. So far at Baffin Bay Rod and Gun, we have caught 157 trout over the twenty-five inch mark, and one behemoth of a trout tamed over thirty-two inches. We are on pace to match the best year of trophy trout fishing in the twelve years of guiding this bay.

Patterns and techniques developed during the tough times are actually working quite well for us in these great conditions. If you are looking for the really big trout, look shallow. While we have caught several of our larger trout on topwaters, the small plastics are the most consistent producers, hands down.

We are primarily using four inch Saltwater Assassin Sea Shad rigged on Reaction Strike 1/32 oz. jigsheads on a 1/0 hook. We call this rig the “Game Changer,” as it allows us to fish shallow water very slow and still maintain the lure where the majority of strikes will happen.

August, moving into September, take advantage of what Mother Nature has sent us with all of this beautiful clear water and great fishing conditions. And while y’all are down here, check out the progress on the new Baffin Bay Rod and Gun Lodge, opening late 2015 or early 2016. We are excited and can’t wait to show it off. We hope you’ll be among the first to enjoy real southern hospitality in an incredible setting. Be safe and we’ll see ya on the water. —Capt. Our 16th Annual Banquet is scheduled for August 8 at the Paws and Taws Convention Center in Fulton, Texas. As in the past several years the Title Sponsor for the 2015 banquet is Ron Hoover RV and Marine. Come join us for a fun-filled evening consisting of a live auction including trips, sculptures, art, etc.; raffle; door prizes; and silent auction. Tickets will be available at Rockport Tackle Town, Ace Hardware Rockport and at the door and include dinner (catered by Black Tie Affairs Catering, Inc.), open bar and a CCA Membership. For any questions concerning advanced ticket reservations, sponsor opportunities, donations or any other matters, contact Michelle Green, Banquet Chairperson, at jeepgirl.green@gmail.com.

CCA Babes on the Bay “Sweet Sixteen” will be remembered for the spirit and commitment of all involved. Of the 388 teams only 4 did not show up for registration! All present had the privilege to wade in ankle yuck on Friday evening and less than desirable fishing conditions on Saturday. A large number of teams weighed in with very nice stringers which would make for a great day on the water for most. Many thanks to all participants who helped make Babes XVI a success. On behalf of the Aransas Bay Chapter of CCA we would like to thank our sponsors: Ron Hoover RV and Marine, Rosendin Electric Company, L & F Distributors, American Rodsmiths, Black Dog, Coastal Innovations and Rockport Mail Center. Many thanks to all vendors which were rained out on Friday night and Aransas Bay Chapter volunteers who helped make this event a success. A special thank you goes to tournament director, Karol Scardino, for her leadership and dedication to Babes on the Bay. A big thank you also goes to Jaye Lynn Turnbow and Terri MacDonald for handling vendor signups. First place winners in each respective divisions were: Non-guided Artificial - Completely Artificial, 10.96 lbs. / Non-guided Any Bait - Reel N Red, 20.38 lbs. / Non-guided Juniors - Elizabeth Sebra, 4.92 lbs. / Guided Artificial - Let The Good Times Roll, 10.46 lbs. / Guided Any Bait - Croaker Soakers, 20.30 lbs. / Junior Division Guided - Addisyn Sanders, 4.82 lbs.

The numbers are rolling in and, with tremendous support from all involved, CCA Austin logged the three-peat! We eclipsed the $1mm mark in revenue for the third year in a row, enroute to yet another record year of fundraising! This lofty success would never be possible without so many generous contributions from our Corporate Sponsors. Please visit www.ccaustin.org to see the local businesses that are committed to the CCA mission and thank them by doing business with them whenever the opportunity arises.

Austins never rests though! Anglers’ Night Out comes on the 3rd Wednesday of every other month and that means great food, TONS of prizes, presentations from top notch guides and more-and it’s free. Join us, bring a friend, and get them to Join CCA. Watch the website for the schedule.

The Austin board welcomes all comers as our chapter leads the way to even greater heights for CCA. If you have a little time to volunteer we welcome you to join the great group of men and women that make up the Austin Board. We have a lot of fun doing our part carrying out all the great work of CCA. My contact info is below, jump on board!

Greetings from the Coastal Bend! Whew! It’s getting hot out there! I want to wish all the other chapters “good luck!” in your upcoming events, the Guides Cup (contact Bruce Laser at blaser@premier-yamaha.com to learn how to sponsor the Guides Cup), and of course our perennial favorite, the ladies fishing tournament, Babes on Baffin. Lauren Roesener is again heading up the charge this year as Director, with her returning super-committee comprised of Judy Arnold, Valerie Chilton, Michelle Gutierrez, Margaret Ehman, Angie Baines, and the rest of the ladies. Please contact Lauren at laurenroesener@gmail.com to find out how to sponsor this event, and of course watch the website at babesonbaffin.com to keep up with the dates and latest news on the event, and to register.

Unfortunately, we also have some good news/bad news. Good news is that the CCA/MDC hatchery in Flour Bluff is getting new pond liners…the bad news is that it will affect the Poco Rojo Kidfish event this year. We are tentatively planning an alternative event, please stay tuned to our website page for more details as time goes on. Hello to Johnny Augsburger! Yall stay cool out there this summer, and have fun on the water!—Jay Gardner

Greetings all! The Dallas Chapter helped celebrate Tailwaters Fly Fishing Company’s 8th anniversary with a “Cookout on the parking lot.” Shawn, Travis and David are great friends and loyal sponsors of the Dallas Chapter and we all had a great time. We reunited with members more than a year ago and signed up new members on the CCA website. Next on the schedule is a chapter meeting with our great friends at Mariner Sails in Dallas.

Last weekend, the ICC Team from Dallas made way to Rockport for the weekend ICC festivities. We enjoyed many hours on the water looking for the “honey hole” of trout and reds. Unfortunately, we were so impressed with the work of CCA opening Cedar Bayou, we actually spent more time floating in Mesquite Bay, cruising Cedar Bayou and soaking a few casts towards the surf and also into Vinson’s Slough. I must say, the current inflow was impressive and the overwhelming abundance of small creatures along the banks was a sight to see. Unfortunately, we did not catch an entry into the tournament despite Richard Pratt’s prior day’s skill demonstration of catch and release of a 29”, 8.5lb+ redfish. Congrats to Richard and thank you for the release.

Most of the news from the chapter members is about how much fun people are having on the trips presented at our April Banquet. CCA continues to bring us fantastic trips and merchandise for our banquet and this year seems to be even better than before. Thank you Drew for all the hard work to make our event so good. Greetings all you Salty Dogs. How about this wet summer we are having? Definitely flushing out our bays and adding some new life. We held our annual Jimmy Guest Memorial Kids Fishing Tournament in July. There were some new faces and some old faces. You could feel the excitement in the air. The looks on these young angler’s faces were enough to make a grown man cry. Not me of course, but some.

We were blessed not to have the seaweed problem as we did last year. Please check out our Facebook page for all the pictures from the event. www.facebook.com/fortbendfishermen.

Up next is the 2015 ladies tournament known as Lingerie on the Bay. We moved the date this year to September 19. We thought the cooler weather would bring out more ladies and bigger fish. If you want to participate, head over to www.matagordabay.com and click on the tournament tab. All the info and registration forms are there.

This year Intertek has donated hot dogs and hamburgers and ice cold beverages to enjoy at the weigh in. I look forward to seeing

CCA makes marine conservation a reality. In addition to relentless efforts to educate the public, CCA also partners with organizations like Academy Sports + Outdoors to promote and enhance the present and future availability of coastal resources. Look for exclusive "Think Red. See Blue." conservation campaign gear at your local Academy store. There are approximately 50 CCA-branded products that include CCA shirts, hats, rods, reels, tackle boxes and bags, coolers and much more. A portion of the sales from these products goes to support CCA's important conservation work, including funding habitat restoration efforts.

Summertime droughts? We don’t think so. The slowness that summer often brings means more time for fishing! We have been hearing good reports from the coast as some of our members send in reports and pictures of their catches. We hope you are taking some time to head south and spend some time on the water. If you are looking for guide suggestions or anything else related to CCA feel free to reach out to your local chapter for direction. Hello from the Galveston Chapter. We held a very well attended Membership meeting at the M & M Bar and Grill in Galveston. Our featured speakers were guys from the Shimano Pro Staff. They gave us an entertaining and informative presentation. We’d like to thank them for coming out to speak to our group. Be on the lookout for details about our fall membership meeting.

As you read this we will have just held our 23rd Annual Fundraiser. We’d like to thank our major banquet underwriters at the time of this printing: Jomar Electric, DW Hose, Longhorn Dental, Intermax Product and Services, Moody Synthetic Oils. They have been a sponsor since our inception and we are pleased to have their continued support. Our Gold sponsor VCC and Anadarko Petroleum were also instrumental in the success of our Banquet. Thank You. Thanks to all the Silver and Corporate Table Sponsorship and all participants who attended. These functions need your support. Officers and Board Members where instrumental in getting the banquet set-up.

GMM (General Membership Meeting) – June 22nd we hosted Zone Starr as our speaker. We said a record attendance for the GMM with 62 CCA Members & Guest. Zane addressed a few concerns about all the rain we have had and how it effects saltwater fishing. After the brief intro, he opened to a Question & Answer session. Thank You all for attending. Hope all the raffle price winners enjoy their gifts.

If banquets were fish, the Katy Chapter would have just landed a 10lb Trout! Yep, the Katy crew just wrapped up another wildly successful banquet, setting the bar even higher than ever before. We took a gamble on changing venues, and it paid off in spades with more people in attendance, more money raised, and more fun than ever!

The Katy Board really stepped it up this year, too. Special thanks to everyone who took time to be intimately involved: Trevor Deihl, Keith White, Keith Whitlock, Craig Roberson, Giacomo Meeks, Preston Roobart, Bradley Miller, Lenny Martinez, Bobby and Garrett Grigar, James Harle and anyone I left out, did a FANTASTIC job brainstorming ideas and executing a plan that put this banquet ahead of the rest. Without a great board, our chapter would not be what it’s grown to be. Thank you guys!

We also had a record year for sponsors and underwriters. As you do business in the Katy area, please choose to support those that support CCA: LED Shop of Texas / Red River BBQ / Ace Hardware / Extreme Offroad / Hyper Audio / JH boats / Macquarie / Bomber Saltwater Grade Lures / EZ Wade / Sport Marine / Sarge Custom Rods / Laguna Custom Rods / Photographer - Kristine Martin (photos of the banquet can be seen on Dropbox, by calling me for the link.

The “Sold Out” signs were once again pulled out and taped to the front doors of the El Campo Civic Center for our 30th Annual Matagorda Bays Chapter Banquet. This is the 7th year in a row that the banquet has sold out. All of this could not be possible without the continued support from the generous donors and members of our chapter.

Banquet guests enjoyed a fun-filled evening with chances to win on the Pick of the Litter cap raffle sponsored by Prasek’s Hilljje Smokehouse, El Campo Boating Center, and Mustang Caterpillar, a Koozie raffle sponsored by R&M Forge & Fittings, INC and Polasek Construction, and a Yeti cup raffle sponsored by RSI and Energy Construction, Inc. A great Ribeye steak meal with all the trimmings was prepared and served by board member Slade Stary and his top-notch cooking crew. The live auction, sponsored by Full Auto Firearms, Wiese Crop Insurance, and Gulf Coast Lease Service was full of great items that ranged from fishing and hunting trips from around the world, to guided fishing trips right here on the Texas coast. The Jim Ehman Memorial Guides Cup trips were once again a big hit among buyers. This tournament, sponsored by Duckett Bouligny & Collins LLP, Harbor Bait and Tackle, and El Campo Sheet Metal is held every year in September in Matagorda and can only be entered by purchasing a trip in our live auction.

The highlight of the evening of course was the drawing for the fully rigged 22’ Tran Sport XLR8 w/ a 200HP Suzuki sponsored Tran Sport Boats and by long time chapter supporter Polasek Construction. A big thanks goes out to these guys for their continued support. This year’s lucky winner was Justin Massey from Wharton Texas. As always I wish I could list everyone who donates and contributes to our chapter, but here are a few who are there year after year: Cedar Creek Woodshop, Multi Fab Metals, El Campo Refrigeration, Wild Wing Taxidermy, Rocky Creek Retrievers, Eichorn Gonzales & Miller Jewelers, Las Palmas Lodge, Capt Troy Keen, Capt Dickie Colburn, Ellen and Will Ohmstede, Tapatio Springs Hill Country Resort and Spa, Red Bluff Prairie Hunting Club, Del Papa Distributing, Harrisman Distributing, Texas Coast Limo Services, Full Auto Firearms.

Once again thanks to all the members of our great chapter. Feel free to contact me if you have any questions about the chapter.

At this writing we are in the dog days of summer and with all of the rain and flooding, the bay systems in the Port O’Connor area are still inundated with fresh and brackish water. We have had several cases of Vibrio here in our area. Normally we may have 2-3 cases, but this year already, we have had 9-10 cases, some being very severe. If you decide to fish in our area, please take precautions not to get infected.

In May we had our annual banquet and had 950 attendees who enjoyed a great meal, catered by Uncle Mutts Bar B Que, drinks and a fun night. We honored my and CCA’s good friend, Hector Mendieta, by dedicating the banquet in his name. I want to thank all who attended; the donors, and our own board members who helped make our banquet a success again this year. I truly believe we have committed board members who make things happen, and it is greatly appreciated.

A special Thank You! goes to Rick Kresta, Krestas Boat and Motors, Dennis Stumfoll, Bernies Boats and Motors, Hartman Distributing, Del Papa Distributing, Cliff Thomas, Speedy Stop, Jimmy Burns, WaterLoo Custom Rods USA, Darrel Hester, Victoria All Sports, Eichorn, Gonzales and Miller Fine Jewelers, Alzenboffer Chevrolet/Cadillac and the 21 Guides who participated in our 2015 Guides Cup Tournament. If anyone would like to join a great team of CCA Volunteers and would like to be one of our board members, please con-
tact me or one of the Mid Coast Chapter Board Members. We welcome you with open arms. Tight Lines—David Jenkins 361-578-5580

We held our 25th Annual Banquet and it was a huge success. It was at the Raveaneus Country Club and they did a fabulous job.

Hope to see you again next year.

We also thank our sponsors who donated raffle items, auction items and refreshments. Thanks to all our Directors and folks who came out to help put the event together.

Our next General Meeting will be October 7th at Houston Distributing in the Stein Room, at 7:00 PM. Our guest speaker will be John D. Bha Assistant Director – CCA. He will cover Texas’s habitat program, Habitat Today for Fish Tomorrow and what projects it has worked on most recently, such as the Cedar Bayou restoration project and East Galveston Bay Oyster Reef restoration hope to see you there! – Loretta Vasquez. As the temperature of summer heats up, or banquet planning also follows suit. We are proud to announce that Granger Chevrolet again stepped up to be our Banquet Sponsor this year. Thanks to Al and Dean Granger and all the crew at Granger for being a generous contributor year after year to make our banquet a success.

We also want to say thanks to Golden Pass LNG, Goodyear Chemical, Vincent Recycling, Total, Exxon Mobil, Stout Homebuilders, and Rodney Townsend Attorney at Law for stepping up to our Redfish sponsor tables.

This year’s banquet will be on August 20, 2015 at the Orange Convention and Expo Center. Tickets and tables are selling fast, so get in touch with a Chapter Member fast to make sure you won’t be left out this year. Bill Moore 361-983-4690 Summer greetings from POC and we hope everyone is having a great one. From the crowds on the weekends, it seems a lot are taking advantage of all the activities on this end. Also, with the influx of all this fresh water into the bay system, fishing has certainly improved.

The POC CCA hosted a Banquet Appreciation/Member Drive Dinner. The event was held at Josie’s Cantina and Norman Boyd of TPWD Coastal Fisheries Division was the guest speaker. He shared recent data regarding the health of the fishery in San Antonio Bay and also discussed the recently opened Cedar Bayou.

In regard to the support of our coastal resources, we want to remind everyone to come join us on Saturday, October 17, for our 16th Annual CCA Banquet. It will again be held at the Community Center. Tickets and/or tables readily available from any POC CCA member, Assistant Director Ellen Ohmstedt (800-626-4222), or at any of the following POC businesses; Sonny’s Marine, Coastal Boat Services, Coastal Bend Marine, Port O’Connor Rod & Gun, and Tigrett Real Estate.

Also, if you want to get involved, give us a call and definitely come join us on Saturday October 17 in POC. “Where it all began.” – Bill Moore

Sharon Goebel 979-877-4103 Hope everybody is having a great summer to spite the rain storm this year that put a lot of fresh in our bays. I would like to thank all of our board members who went to the annual CCA Inter chapter challenge in June at Port Aransas. Thanks to James Henderson for being the captain of our team, the names as follow were the team: Kat Henderson, Lori Cruz, Larry Hughes, Brian Wietschuck, Audra Rustin, Branden Rustin and Tori Rachner. Unfortunately we did not place, but everybody had a great time and can’t wait for next year.

Brian Wietschuck won a CCA yeti cooler Friday night at the Captain’s dinner.
By the time this CCA current article is out, we will have had our annual Kids Fishing tournament, this year at Wietschuck Farm in Bellville Texas. Thanks to Larry for the use of his catfish lake on August 1st.

We had awards given for different classes of fish, a silent auction. All the kids got free hot dogs and drinks.

On August 15, we will have our annual Rock Port Madness fishing trip that was on our April Banquet Live Auction. The winners this year are Mike Berry, Gerald Harwell, Michael Hollman, Larry Hollman, Kenneth Nelson, and Stanley Kollatschny. On the Saturday night dinner we will serve ribeye steaks and boiled shrimp. If anybody is interested in this trip, it will be up for bid during our 2016 Banquet.

We are in the planning stages of our Chapter Fishing Tournament that will be held late in the summer, place and date to be announced. Thanks and Good Fishing—Ron Chess 979-525-9254

We’re having a great year for events! Our Annual Banquet was a success with fun for all, and we want to thank the board, supporters, and attendees for their participation.

Also, the annual “Take a Kid Fishing” event was enjoyed by young fisherpersons of all ages from the area. If you have young kids or grandchildren, don’t miss this event next year. The “Take a Kid Fishing” event is always the first weekend in June. As always, special thanks to Glenn Martin of Woody’s Sports Center and the many other supporters who make this “tournament” happen.

Upcoming, we have the annual Beeville Fish Fry. The event is always the Thursday before dove season starts – this year it will be September 10. Fried catfish and trimmings are the food of the evening and a relaxed atmosphere and fun are enjoyed by all who attend. It is a fundraising event with live auction, silent auction, and raffle items. Join us for an enjoyable evening while supporting CCA’s conservation efforts! — Norman Oates / 361-758-0266 / 361-790-2748 C

Greetings! Fishing on Sabine is still not right on the North end, but as the rain has ended, it will be game on. The south end, jetties and Keith Lake have been a great alternative.

Saturday August 22nd 9am-11am is the Kidfish event at Sea Rim State Park. Ages 1-12 Free Entry to Sea Rim. The first 100 kids will receive a free rod and reel and event t-shirt. Tackle and bait will be provided. Prizes will be awarded. Volunteers are needed to help, so please contact me for additional information. We look forward to seeing everyone there. This is a great event that TPWD puts on and we look forward to helping out.

Don’t forget our friend in Orange County either, they have their banquet coming up too, Thursday August 20th. Until next time, Tight lines to all — Darin M Johnson 409-502-1010

Summer has sprung and I hope you have been out on the water. Getting out to the coast is always fun and it appears the 5 trout fish limit hasn’t met too much resistance. Your San Antonio Volunteer Committee deserves a much needed beach break as we have had an exciting and busy six months. The group has been consumed putting on our 2nd Annual “Hooked on Clays” Sporting Clays event which grew to over 200 shooters, then in May our biggest CCA banquet ever, with over 1850 attending and grossing more CCA dollars than ever before. We just keep getting bigger and THANK YOU to all who support our chapter.

Moving forward we are planning a CCA night out and also a fall Annual Banquet which is presently wording on a time and place. We will send out an update as soon as things are finalized. Until our next update, The reds, trout, and flounder are waiting around. Do not have become the voice for the recreational angler it is today. Our banquet is set for August 20 and we are very excited about the new venue at the Cedar Park Center. Making this move has literally opened the doors for us. Our goal is to get 500 people to attend the banquet but we will have room for many more.

Individual tickets are $125 each, which includes open bar, great food, and plenty of opportunity to win. Reserved Bull Red Tables will be $1,500 which will be 10 top tables. We also have sponsorships starting at $2,000. Since we are growing the event we have also increased our popular Gun/Yeti Raffle to include 15 guns and 15 coolers. Additionally we have brought back our UTV Raffle which will be a 2015 Polaris Ranger Crew 570. Tickets for both the Gun/Cooler and UTV Raffles will be $100. All tickets for the Banquet, Raffles, as well as table and sponsorships can be purchased online at our Chapter’s webpage at http://www.ccatexas.org/chapters/inland/san-gabriel/.

I would also like to thank our fine sponsors who have already committed their continued support, including Don Hewlett Chevrolet as our Title Sponsor, Aday & Associates, PMB Helin Donovan, Morris Glass, Gibson Concrete, Independence Title, and R Bank. If you have any questions about table sales, sponsorship levels, or how you can help with the banquet, please feel free to contact me.

Since our last update we have completed our Annual Sunshine Kids event, ICC and Banquet. Our next event will be our Youth Tournament on September 12, 2015 at Sylvan Beach Pier.

This year at our Sunshine Kids event we had 23 Sunshine Kids and their families. Counting volunteers, SSKs and Boat Captains, we had about 136 participants. A good time was had by all. Several of our SSKs and families had never been out in a boat before.

There’s a lot of satisfaction for us as volunteers to provide this service. The smiles are all the payment anyone would ever need.

We give a special thank you to the SSKs organization for letting us participate, the boat captains, volunteers and our donor. Thanks everybody for a great day!

The banquet has come and gone and so has the ICC. Thanks to all of the Table Sponsors and people who made this event a success. This was not our year at the ICC. We had some tough fishing but a lot of good times.

Our Youth Tournament is scheduled for Sept 12, 2015 at the Sylvan Beach Pier. Fishing starts at 8:00 AM. Everything is free. We provide the bait, 80+ rods and reels for any child who doesn’t have one, food, drinks and trophies. Everything is donated or paid for by our board. If you’re interested in bringing a kid you can contact myself (Steve Wilson) at steveww52@yahoo.com, Jim Wilson at 713-828-7639 or Pete Ruiz at peteruiz007@yahoo.com. Fill free to pass on to your Church Youth groups, Daycares or any other organization that maybe interested.

You’ve seen our CCA Texas License plates driving the roads of Texas. We would like to ask all of our 70,000 Texas driving members to consider ordering their own plate today. For just $30 you can have this fantastic-looking plate, and CCA will receive $22 to be used for our Habitat projects.

It will take you just a few minutes to order for your truck, car, or boat trailer. To place your order, input in your network browser (Google works best), TxDOT Special Plate Order Application. Follow the next thread to Coastal Conservation Association. These plates would also make great gifts for any fishing enthusiast. So drive in style and help support our Habitat projects at the same time.

If just half of our members drive with our CCA plates, it will generate almost $800,000 each year to fund future Habitat projects. Now that is driving for a cause.

Please support us and order your plate today!

It is “Crunch Time” here in the Trinity Bay Chapter as we are making final preparations for our August 28th Banquet in Baytown, Texas. It seems everyone had a great time last year with the event returning to Baytown, Texas. Based on preliminary information, we anticipate yet another sell out in 2015.

Silent and live auction items will be plentiful as will the raffle items lined along the walls throughout the venue. Amusements such as the popular “Crab Craps” dice game and other innovated activities are certain to keep everyone anticipating winning great prizes by the end of the evening. As always, come and indulge in our spectacular all you can eat boiled shrimp dinner that includes various sides and cold refreshments.

*Individual Tickets – $50 each, $85 per Couple (CCA membership and meal included)
*Reserved Tables 8 persons - $500, *Title Sponsor - $1,350, *Executive Sponsor - $2,250 * Platinum Sponsor - $3,250* All Reserved and Sponsor Tables include CCA memberships for each guest, banquet meals, table gifts and more. Title/Executive Sponsor includes 2 tables of 8 – Platinum Sponsor includes 3 tables of 8.

The chapter also has a Sportsman Raffle loaded with prizes that will entice any outdoorsman. The tickets can be pre-purchased before the banquet through any Trinity Bay Board Member or Drew Adams - CCA Texas, Assistant Director 713-626-4222.

Banquet information: August 28, 2015 at Nuevo Leon Social Events, 1000 Park Street, Baytown, Texas 77520.

We look forward to seeing everyone again this year and we want to sincerely thank all of our sponsors. —Gerald Payne 281-728-6278

The 29th Annual West Houston Banquet is in the books, and we are proud to say this year was another great year! Thank you to all of our sponsors, underwriters and attendees for helping make this year another great one. I would also like to thank all of the dedicated board members and CCA staff who helped plan, organize and host the event. The West Houston Chapter would never be able to host a party for 500 of our closest friends without your help and dedication!

Now that the banquet is over, the board is taking some time off to squeeze in a few fishing trips. We hope everyone is enjoying their summers and are sneaking in a few trips as well. If you would like to keep up with the chapter current events, please find us on Facebook or on the chapter page on the CCA Texas website. Feel free to share any good trips with us on our Facebook page and be sure to post up your pictures!

Next up for the West Houston Chapter is the 4th Annual CCA Texas/CastAway Cup fishing tournament. This is a great event that has drawn a record number of teams each year. The event will be held on Saturday, October 17 at Harborwalk Marina on West Galveston Bay.

Please stay tuned for more information, including rules and entry forms in the near future. We are very proud to say that all proceeds from this tournament are donated back to CCA Texas!

Thanks again to all of the participants who attended the 29th Annual Crawfish Boil & Banquet. Next year we will be hosting the 30th Edition of the West Houston Banquet and are looking forward to making it bigger and better than ever! Stay safe out there and good luck catching!—Mike Ayers

Greetings from the West Texas Chapter. We got to enjoy another successful banquet this year and would like to thank all of our sponsors and supporters. A packed house at Midland Country Club was treated to boiled shrimp and crawfish and BBQ prime rib and slow-cooked pork. Thanks goes out to the LPC and Phoenix Services cooking team for all of their hard work.

Thanks to Tyler Smith for keeping everyone in line. Thanks to our pit boss Rusty Smith for all of the hours you put in on the delicious BBQ.

A very special thanks to Brad Willett with “Wilder on the Taylor.” Brad donated not one, but two fly fishing trips to a private stretch on the beautiful Taylor River by Gunnison, CO. This was a big boost to our live auction, so thanks Brad. Tropical storm Bill has hit Port O as I write this, but so far Midland has fared OK. Tight lines—Craig McDonnold
